

David Madison - Carl E. Lee TV Nomination – Nominated 2024

IT/Maintenance Engineer, WGVU Public Media (Grand Rapids)

Nominated by Rob Thompson, Broadcast Engineer, WGVU Public Media (Grand Rapids)

Nomination

David Madison will be retiring after 35 years of service at WGVU in a few weeks. I've only been able to work with him about a year and a half. He has an amazing ability to fix anything put in front of him. Tiny electronics, air conditioners, lawn mowers, transmitters, etc He has taught me a lot in this short time about fixing things and how things work at transmitter sites. His legacy of keeping WGVU on the air for so long needs to be honored. He will be greatly missed in retirement and his engineering talents can't be replaced.
